2-bedroom apartment on the 1st floor with lift

Welcome to this well-maintained apartment in Lagos, a town that combines historic charm with the vibrant lifestyle of the Algarve. This spacious 2-bedroom flat, built in 1993, is located in a residential area not far from the historic centre and the marina, Marina de Lagos.

After entering the flat on the first floor of the building, you enter a spacious hallway. To the left you will find the welcoming living room. The large windows / sliding doors to the balcony let in plenty of natural daylight and create a bright and inviting atmosphere.

On the other side of the hallway is the functional kitchen, which is equipped with a hob, oven and washing machine. From here you have access to a storage room and a converted balcony, which was last used as a storage and work room.

Further along the hallway you reach the two spacious bedrooms, one of which has an en suite bathroom with bathtub. Both bedrooms are fitted with built-in wardrobes.
